

19 October 1955

MEMORANDUM FOR: Colonel White

1. Attached is a proposed revision of Notice [redacted] which has been prepared by Colonel Grogan. This deals with the release of information to public information representatives.

25X1

2. This has been concurred in by Mr. [redacted] for the Office of Security and by Mr. [redacted] for the General Counsel. I did not feel that there were other offices within the DD/S area whose views would be needed prior to your consideration.

25X1  
25X1

3. The substance of the Notice continues to be satisfactory, and I have identified the major changes by red markings. The tone of the original has been considerably softened in the revision, and you will note that normal social contacts with representatives of public information media no longer require a report to the Assistant to the Director.

4. The material in this proposed Notice is not proper for inclusion in the Agency Notice series. Further, the language of paragraph 1 ought to be revamped before publication.

5. It is recommended that the proposed publication be forwarded to the Regulations Control Staff for editing and placing in the proper format prior to returning to Colonel Grogan. If you agree, I will send it on with these instructions.
